

## Cleft-RD IP65

LD-LWA408211

Introducing the Cleft RD IP65 LED outdoor light, designed to elevate accent lighting for walls and façades with unparalleled efficiency and effectiveness. These wall luminaires feature a sleek design with a small overhang and innovative see-through technology. Crafted with precision, the luminaires boast precise cuttings that create defined beams and striking light graphics on the installation surface. The Aluminum fixture with strategically placed clefts ensures minimal wear and tear, enhancing the durability and longevity of the luminaires.

Whether in a round or square design, these luminaires open up new possibilities for accentuating walls and façades, adding a touch of sophistication and visual appeal to any outdoor setting.
