## LED FLOOR LAMP-C

### LED Floor Lamp-C

"Introducing the LED Floor Lamp-C, a beacon of modern design and functionality in the realm of floor standing lights. This arc-shaped lamp stands out with its attractive aesthetic and remarkable functionality, making it a popular choice for illuminating diverse spaces, especially dining rooms. The lamp's curvilinear design not only adds a touch of contemporary elegance but also optimizes space utilization, making it perfect for positioning near sofas or dining tables.

The LED Floor Lamp-C is a versatile lighting solution that offers both principal and additional lighting, adapting effortlessly to various requirements. Its adjustable head allows for focused illumination, making it an ideal reading light for book enthusiasts. Beyond functionality, this floor lamp creates a cozy atmosphere, seamlessly complementing a wide range of room designs.

Illuminate your space with zeal and professionalism as LED Floor Lamp-C becomes a symbol of both style and practicality.

## LED READING LIGHT

### LD-LWA259

The LED Reading Light epitomizes functionality and style, perfect for bedside reading applications. Designed for wall recessed installation, it offers unparalleled adjustability with its flexible and versatile construction. Easily adjustable by hand, this luminaire effortlessly maintains its position, providing personalized lighting for optimal reading comfort. Crafted with precision, its finely painted enamel and smooth texture elevate its aesthetic appeal, adding a touch of sophistication to any space. Its adjustable beam allows for precise light concentration in the desired area, preventing light contamination when shared between two individuals in bed.

Whether for late-night reading sessions or ambient bedside illumination, the LED Reading Light delivers a perfect blend of functionality and elegance, enhancing the reading experience while complementing the decor with its sleek design and superior lighting performance.

## LED WALL LIGHT

LD-LWA247

The LED Wall Light redefines elegance and functionality, delivering sophisticated indirect lighting with exceptional luminous flux. Despite its compact size, this fixture stands out with its unconventional geometry and innovative design, seamlessly integrating into the wall through an oblique joint that adds a unique aesthetic dimension. With a sleek and minimalist appearance, it presents itself as a beveled element protruding from the vertical plane, casting a mesmerizing wall washing light that transforms the ambiance of any room.

Crafted with precision and attention to detail, the LED Wall Light combines form and function, offering both visual appeal and practicality. Whether used for accentuating architectural features or creating ambient lighting, this luminaire elevates the atmosphere of any space with its subtle yet powerful illumination. Embrace sophistication and versatility with the LED Wall Light, where innovation meets timeless design to illuminate your surroundings in style.
