LED STRIDE 1

LD-LSL709

Introducing LED Stride, a sophisticated LED Step Light that combines geometrical precision with architectural elegance. Specifically designed for wall recessed mounting, LED Stride stands out as a floor wash light that seamlessly integrates into the wall, creating a clean visual transition between planes without any division lines. The luminaire's single-piece design ensures a perfect fit, enhancing the aesthetic appeal of corridors, stairs, and transit areas with a discreet and modern touch.

LED Stride's ultrafine frame contributes to its visual integration with the installation surface, allowing it to harmoniously blend with its surroundings.

Beam Angle

Wide Beam

Applications

- Steps & Step Walls
- Pathways
- Small Entrances
- Corridors & Balconies

System Efficacy (lm/W)

Upto 55lm/W

CRI

>80

CCT

2700K, 3000K,4000K, 6000K

Sizes	90 x 90
Wattage	3W
Lumen	170lm

Product Dimensions

Ø 90 x 90 x 40mm

ORBEAM WALL IP65

LD-ODL041

Introducing the Orbeam Wall IP65 LED Step Light, an outdoor floor wash luminaire that redefines the conventional norms of step lights. Designed for wall recessed mounting, this luminaire stands out slightly from the wall, projecting light obliquely with a clean and direct approach. Orbeam Wall IP65 breaks away from the typical design dogmas associated with this type of luminaire, foregoing absolute recessed installation and avoiding the conventional approach of directing the beam solely to the exterior.

By embracing a unique design philosophy, Orbeam Wall IP65 achieves a distinctive advantage in light efficiency among its alternatives, setting it apart not only functionally but also aesthetically.
