

OSpot
Track

Introducing the OSpot Track LED Tracklight, a beacon of innovation and style designed to elevate the ambiance of retail and outlet environments. Imbued with the latest Less Glare Technology, this spotlight is tailored for two-phase track applications, offering unparalleled versatility and visual comfort.

Available in three distinct versions (Ø60, Ø80, and Ø90), OSpot Track boasts cylindrical geometry and essential forms, setting a new standard for minimalistic aesthetics without compromising functionality. Its standout feature lies in its ability to be oriented in any direction, providing dynamic illumination tailored to unique spatial requirements.

OSpot Track transcends ordinary tracklights with its sleek design and black perimeter around its mouth and accessories, emphasizing the AGA - AntiGlare Accent.
